

REMOTE STROBE LIGHT

MODEL RS

GENERAL DESCRIPTION:

Toxalert International's Model RS strobe light shown at right, is used in conjunction with Toxalert gas detection systems and provides excellent visual indication if warning or alarm conditions exist. These strobes are available in four colors – red, amber, blue and green, and a choice of two voltages 12VDC – 48VDC and 120VAC. All units feature a 1/2" male pipe mount with 6" wire leads. All units are designed for mounting on a flat surface or in a 1/2" NPT hub and include a surface gasket to complete the type 4x installation.

MODEL RS STROBE LIGHT

Toxalerts Model RS strobe lights are designed for both indoor and outdoor environments.
